

MARCOPOLO
World School

Beep! Beep!
Have you
ever been on a
school bus?

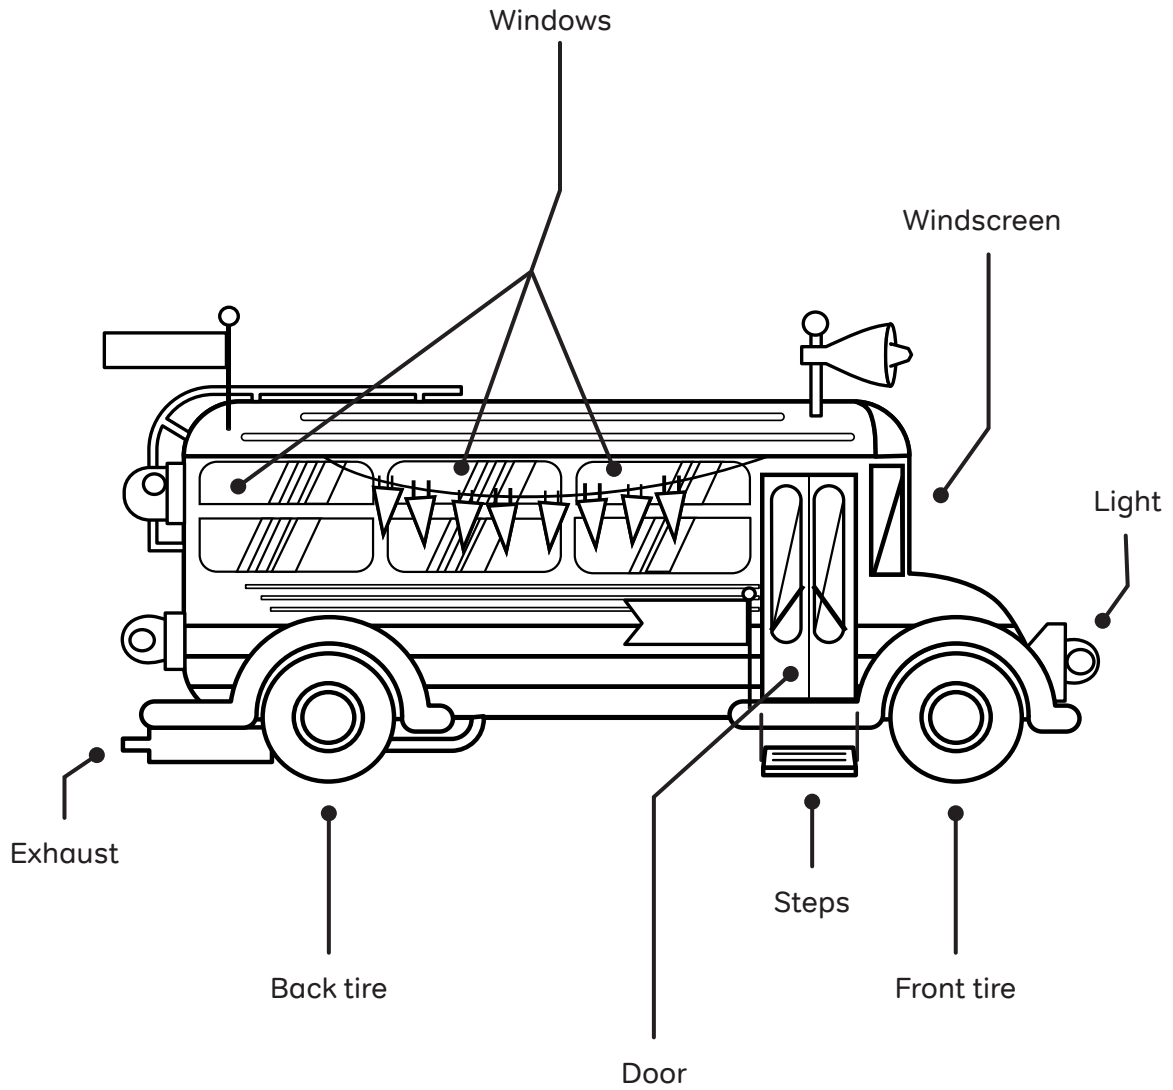

School Bus

Owner's Workshop Manual

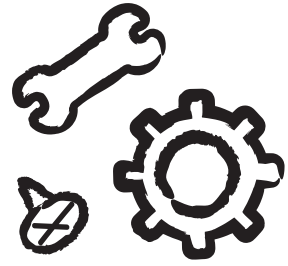

- They take children to and from school
- The first school bus was pulled by horses and was called a 'horsebus'!
- School buses look different around the world
- School buses are great for the planet because they cut down on traffic
- In Japan, you can hop on a cat-shaped school bus. Meow!

School Bus Information

Use your favorite colors to decorate the school bus!

School Bus Design Challenge

A school bus seats many children and there are many ways to seat the children.

What you need to do...

On the next page, you'll see pictures of lots of different children.

Color them in and cut them all out so that you have 20 pieces. How many groups can you make with the same number of children in each group?

Things to think about:

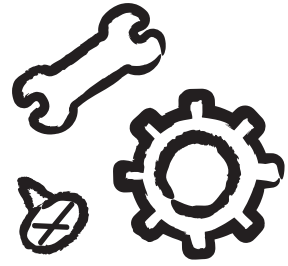

Don't leave a child behind!
Make sure to make groups using all 20 children

Think about how you can count by 2's, 5's and 10's

School Bus Design Challenge

Color the children in before you cut them out!
